PRE-K FOR ALL

Our Pre k for All is a full-day high-quality program in which the children learn through play and exploration. Our teachers provide the children with a safe and nurturing environment where they feel supported in their learning and growth. Our curriculum is designed to ignite children's curiosity and independent thinking through meaningful instructional experiences and fun and exciting activities that encourage students to think critically and creatively.

All of our themes are aligned to the New York State learning standards and aide in the development of the "whole child". Our pre- kindergarten program creates a solid foundation to ensure success in kindergarten and beyond.

Our students are provided with a variety of activities daily that cultivate a child's social/emotional, cognitive and physical growth by providing developmentally appropriate activities and open-ended experiences. Some examples include:

STEAM: Our program incorporates STEAM learning (science, technology, engineering, arts and mathematics) into exciting, fun experiences for children.

We also offer yoga, art, music, gym classes, and an indoor and outdoor playground to help develop gross motor skills.

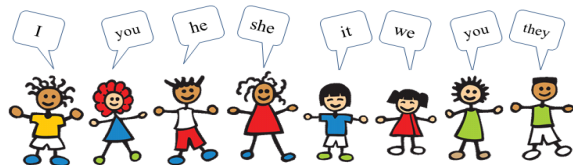

Learning Centers that revolve around our theme

Family Engagement- building a strong partnership with our parents to support students' academic and social emotional success.

Hours: 8:05 a.m. to 2:25 p.m.
